Opioid Overdose Reversals with Naloxone Reported to the North Carolina Harm Reduction Coalition, 8/1/2013-2/28/2018

10,405 community reversals reported*

*32 reversals in an unknown location in North Carolina and 142 reversals using NCHRC kits in other states reported to NCHRC
Last month, **12.8%** of reversals where dosage amount was reported (N=195) used **3 or more doses** of naloxone.

*Percentage based on reversals with known dosage amount. Use caution when interpreting this data as a large percentage of each months’ reversals had unknown dosage amounts.*
