**130 Opioid Overdose ED Visits in Guilford County YTD**

compared to **142** Jan to May 2018

Source: NC DETECT; Data Source: ED; Custom Event: Overdose: Opioid Overdose V.2 (ICD-9/10-CM)

---

**Note:** NC DETECT is North Carolina’s statewide syndromic surveillance system. There may be data quality issues affecting our counts: counties with <10 cases may not be true lack of opioid overdose cases but data quality issues; additionally, some hospitals use non-specific poisoning codes rather than specific opioid poisoning codes. For training on NCDETECT, contact Amy Ising, ising@ad.unc.edu.
